Hi Everyone – I think we're probably all on the same page that we're looking at a January 31, 2015 extension date. I'm assuming Allison is okay with this, and Alan, Jayne and I are also comfortable.

Don and Chris, can you confirm, then we can give the final thumbs up on the timeline to everyone else?

All--

Reattaching the estimated review timeline (with interim milestones) I had included at the end of the "Key Issues for May 7 NWEA Meeting" doc. I allowed 2 months for clearance at the end which may be a bit excessive but given holidays, perhaps not. Also Tech Team is now a little behind in their review schedule since deadline extension discussions have been all-consuming recently we have not had time to focus on our review. I did not factor in FOIA response time either which will also take up some of the tech and legal team's time during the early part of this review schedule.

Subject: Summary of next week's CZARA calls

Hi Everyone – I just talked with Christine to confirm the calls/meetings on CZARA for next week. Here they are:

Monday, May 19 – 10-11AM PST/1-2pm EST – Joelle, Lynda, and Christine will be on the call with the rest of the team. One of the goals of the call is to make sure the tech team can take a final action to disapprove or public notice an intent to approve by January 31, 2015. Phone #: **Non-Responsive**

Tuesday, May 20 – 10-11AM PST/1-2pm EST – Joelle, Lynda, Christine, and the attorneys will meet to discuss legal questions from Lynda. Call-in # TBD.

Tuesday, May 20 – 12:30pm PST/3:30 EST – This is a proposed time to talk with NWEA, if JB is able to make this time. If she is, then we'll propose it to NWEA.

Subject: OR CZARA Schedule Extension request

We're gearing up to check-in with NWEA next Tuesday. One central purpose of that check-in is to tell them what length schedule extension we need. Are we asking for a schedule extension until January 31, 2015? I think we need to be clear on what we want. January 2015 has been my operating assumption.

Thanks.

P.S. I apologize for swamping your email boxes with too many messages today.
